

# WHO IS

FEDERTEC represents the Italian Industry of Mechatronic Technologies and Components for Fluid Power, Power Transmission, Smart Automation and Control of Industrial Products and Processes.

+

+

FEDERTEC was established in 2019, thanks to the merger of ASSIOT - Italian Association of Gears and Transmission Elements Manufacturers - and ASSOFLUID - Italian Association of Manufacturing and Trading Companies in Fluid Power Equipment and Components.

From April 2022, FNDI - Italian Federation of Industrial Distribution - was also incorporated into FEDERTEC, adding a new player to the chain of mechatronic technologies.

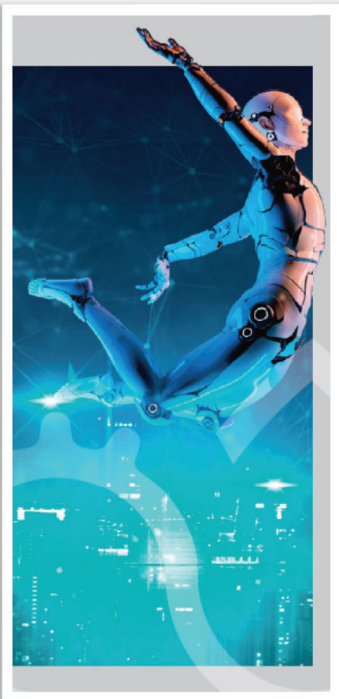

## FEDERTEC – The Members

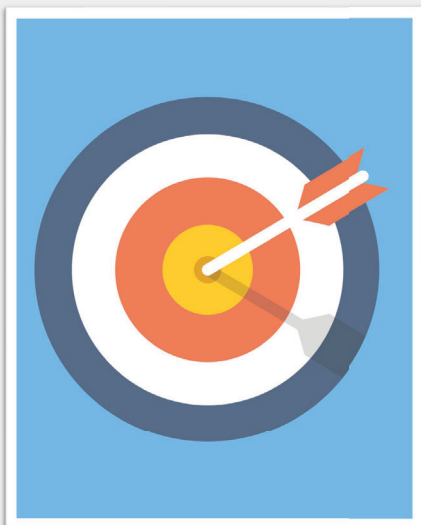

Today FEDERTEC has about 290 member companies, which represent a point of reference for the industrial automation sector, well known for its competitiveness, quality, reliability and performances of products and systems, focused on the convergence and interconnection of different technologies:

- ✓ **Fluidics**
- ✓ **Mechanics**
- ✓ **Electronics**
- ✓ **Digital and software**
- ✓ **Measurements and control**

each with its own know-how and characteristics.

## FEDERTEC – Objectives & activities

The Association coordinates, protect and promotes the technical and economic interests of the sector, representing the Made in Italy worldwide.

- ✓ **Statistics** (market surveys and statistical analyses)
- ✓ **Technology** (European directives and technical standards)
- ✓ **Education** (FEDERTEC Academy)
- ✓ **Promotional** (website, directory, magazine, exhibitions)
- ✓ **Conference and seminars**
- ✓ **Commissions and working groups**

## FEDERTEC – The numbers

The total sector turnover in 2022 reached 14.4 bln euro and the national market value of 10.5 bln euro, which lead Italy to be among the world leaders.
